## PETITION TO REVIVE UNINTENTIONALLY ABANDONED

**APPLICATION UNDER 37 CFR 1.137(b)**

Applicants petition the U.S. Patent and Trademark Office under 37 CFR 1.137(b) to revive the present application.

It was only recently, when reviewing files, that the inventors realized that they had inadvertently neglected to file the International Application as National Phase filing in the United States. As a result, they do not have an application for the material

he inventors realized that they

filed in the International Application. They then confirmed that they had intended all along to file such an application and instructed the undersigned to immediately determine whether anything could be done to revive the unfiled U.S. national stage application. The undersigned informed the inventors that the instant Petition to Revive was applicable to the fact situation of the instant application. The Oath & Declaration, appropriate copies and this Petition were immediately prepared, and are filed herewith.

It is apparent that the lack of filing of a national stage U.S. patent application was clearly inadvertent, and that the entire delay in filing from July 30, 2003 to the instant filing attached herewith was unintentional. The grant of this petition is respectfully requested.

Authorization to charge my Deposit Account \$665 for this petition and any other charges is hereby granted. A duplicate copy of this sheet is enclosed.

Respectfully submitted,
